2026.1月大作文预测

在看预测之前大家要有一个认知：雅思写作的题库特别广，在不断增加新题的同时还会进行老题重考，所以完全无法统计出题库的完整内容，因此雅思写作可以视为“没有题库”。所以预测是基于近期高频考题做的整理，可以作为类似于“观点库”的辅助内容，但不要寄很大希望于预测到原题

- 一个比较偷懒的逻辑链思路（容易延伸）

提出观点——扩展延伸——举例——结果分析——【继续延伸】（可选）

无论是什么观点。都可以在观点的基础上进行详细解释。在这个解释的基础上假设一个情境进一步佐证xx会产生xx影响。然后就这个影响进行结果分析，就可以用很顺的逻辑完成一段论述，这个思路我同样觉得非常顺手。

并且只要加一句 “此外” （In addition）等词，就可以对观点做第二个延伸，然后继续举例或结果分析。

就以“父母对儿童成长的影响”这一话题为例，一道是小范围（家庭教育）；一道是大范围（社会、国际），说一下怎么一个观点做2个延伸

父母对儿童的成长有重要影响。那么这个影响有多角度的触点，我们只需要思考父母对儿童的成长，都可以从哪些方面去起作用，就可以得出多个延伸思路。

例如父母为儿童提供情感支持、价值观和行为规范，是孩子最早的榜样。

还可以写 “父母对孩子的具体教导” 、 “父母的个人行为的潜在影响” 、"父母对事情的看法影响孩子三观" 、 “个人行为还可以分类为 为人处世、面对困难、处理矛盾.....” ，只要打开思路就有无数条线供我们延伸。

> 但是注意，一段最多给观点做2个延伸，不然就是罗列观点，会低分。并且一篇文章最多一段做2个延伸，不然也有罗列观点的嫌疑。总之，**必须保证每一个观点和延伸有足够的内容佐证，不能纯罗列**

有些人认为艺术画廊和博物馆应该展示更多本国的传统文化艺术作品。

那我们要集中思考 “展示更多本国的传统文化艺术作品” 的影响

对社会，弘扬传统文化

对年轻人，加强教育

对文化，表现保护传统的态度

对国家，民族自信心和自豪感

……

这只是粗略的思考，每一个都可以当做一个延伸方向。

1、饮食健康

Some people believe that the government have the duty to ensure its citizens have a healthy diet, while others believe it is individuals' responsibility to care for their diet and health? Discuss both sides and give your opinion?（社会类）

有人认为政府有责任确保公民健康饮食，另一些人则认为关注饮食健康是个人的责任。请讨论双方观点并阐述你的意见。

🍊 写作立场：双方结合

我认为政府和个人在促进健康饮食方面都负有责任，但政府的作用更为关键。因为政府能通过政策、教育和监管影响食品环境，而个人的自律在缺乏外部支持时往往难以长期维持。

逻辑链分析：

主体段1

观点：政府在确保全民健康饮食方面确实发挥着关键作用。

扩展延伸：因为政府有权制定政策、限制不健康食品广告、并规范食品安全标准。

举例：例如，许多国家通过征收“糖税”来减少含糖饮料消费，或强制要求食品包装标注营养信息。

结果分析：这些政策可以有效减少肥胖率和慢性病，为公共卫生体系减轻负担。

主体段2

观点：然而，从根本上说，健康饮食的责任仍然在于个人。

扩展延伸：即便政府提供了健康指导，人们依然可以选择吃快餐、忽视营养标签。

合理性推断：饮食是一种日常行为，无法通过法律或政策完全监管，只有当个人具备健康意识并主动控制饮食，措施才会真正奏效。

结果分析：因此，公众健康的提升最终取决于个人自律，而非政府干预的力度

The debate surrounding who should take responsibility for public health has drawn increasing attention. While some people argue that the government should play a leading role in promoting a healthy diet, others believe that individuals themselves should take charge. From my perspective, both sides have valid points, but I tend to believe that personal responsibility is the more decisive factor.

关于谁应该为公共健康负责的争论日益受到关注。尽管有些人认为政府应在推广健康饮食方面发挥主导作用，但也有人认为个人应该自己负责。在我看来，双方的观点都有道理，但我倾向于认为个人责任是更为关键的因素。

On one hand, the government undoubtedly plays a vital role in ensuring that citizens maintain a healthy diet. It can implement national policies, regulate food industries, and restrict misleading advertising for unhealthy products. For instance, many countries have introduced a “sugar tax” to discourage the overconsumption of soft drinks, or required food producers to display detailed nutrition labels on packaging. Such regulations not only guide consumers toward healthier options but also help reduce obesity and diet-related diseases. In the long run, this lessens the financial pressure on public healthcare systems.

一方面，政府在确保公民保持健康饮食方面无疑扮演着重要角色。政府可以实施国家政策，监管食品行业，并限制不健康产品的误导性广告。例如，许多国家推出了“糖税”以抑制软饮料的过度消费，或要求食品生产商在包装上标注详细的营养标签。这些规定不仅引导消费者选择更健康的食品，还有助于减少肥胖和与饮食相关的疾病。从长远来看，这减轻了公共医疗系统的财政压力。

On the other hand, personal responsibility remains the cornerstone of maintaining a healthy diet. Even with strict regulations, people still have the freedom to choose what they eat. For example, some individuals continue to rely on fast food despite knowing its negative effects. Since diet is a daily habit that cannot be fully controlled by laws or policies, only when individuals cultivate health awareness and exercise self-discipline can positive results be achieved. Therefore, long-term public health improvement depends more on individuals’ commitment than on governmental intervention.

另一方面，个人责任仍然是保持健康饮食的基石。即使有严格的规定，人们仍然有选择吃什么食物的自由。例如，尽管知道快餐的负面影响，一些人仍然依赖快餐。由于饮食是一种日常习惯，无法完全通过法律或政策来控制，只有当个人培养健康意识并自律时，才能取得积极的效果。因此，公共健康的长期改善更多地依赖于个人的努力，而不是政府的干预。

In conclusion, both the government and individuals play essential roles in encouraging healthy eating, but it is ultimately up to individuals to make responsible dietary choices.

总之，政府和个人在鼓励健康饮食方面都发挥着重要作用，但最终做出负责任的饮食选择还是要靠个人。

2、临时工作

Some people prefer to have temporary jobs, which means they only work a few months in a year and use the rest of the time to do what they want. What is your opinion?(工作)

有人倾向于从事临时性工作，这意味着他们每年只工作几个月，其余时间用来做自己想做的事情。你对此有何看法?

🍊 写作立场：不同意

我并不认同把临时工作作为主流选择。虽然它在短期内提供自由，但从长期职业发展和生活稳定性来看，并不适合大多数人。

逻辑链分析：

主体段1

观点（题干）：一些人认为临时工作是一种理想的生活方式。

扩展延伸：因为这种工作方式能让人只在一年中的部分时间工作，其余时间用于旅行、兴趣或个人生活。

让步反驳：这种自由在短期内具有吸引力，但它更多适用于特定阶段的人生，而非长期可持续模式。

结果分析：一旦进入需要稳定收入和责任承担的阶段，这种“自由”往往会迅速转化为压力和不安全感。

主体段2

观点（我方）：从长期角度看，临时工作的最大问题在于结构性不稳定。

扩展延伸：不稳定的收入与缺乏保障会持续削弱个人的生活规划能力。

举例：例如，临时工通常无法享受医疗保险或养老金，在生病或经济下行时更容易陷入困境。

合理性推断：因此，这种工作模式虽然灵活，却会限制职业积累与长期安全感，不适合作为多数人的长期选择。

Some people prefer temporary jobs, which allow them to work for only a few months each year and spend the rest of their time doing what they want. At first glance, this lifestyle appears attractive and flexible. However, I do not believe that temporary employment is a suitable or sustainable option for most people in the long run.

有些人偏爱临时性工作，这类工作允许他们每年只需工作数月，其余时间可自由支配。乍看之下，这种生活方式似乎充满吸引力且灵活自由。但我认为，对大多数人而言，临时就业并非长期适宜或可持续的选择。

It is true that temporary work offers a considerable degree of personal freedom. By working only part of the year, individuals are able to devote the remaining time to travelling, pursuing personal interests or focusing on self-development. In this sense, such a work arrangement may be appealing, particularly to younger people or those who place a high value on personal experiences. Nevertheless, this advantage should not be overstated. In reality, this kind of freedom is often limited to certain stages of life and cannot be easily maintained over time. Once individuals face responsibilities such as rent payments, healthcare costs or family commitments, this flexibility is more likely to create uncertainty rather than genuine satisfaction.

诚然，临时工作确实能带来相当程度的个人自由。通过每年仅工作部分时间，人们可以将剩余时间用于旅行、发展个人兴趣或专注自我提升。从这个角度看，这种工作模式对年轻人或高度重视个人体验的群体尤其具有吸引力。然而，这一优势不应被过度夸大。现实中，这种自由往往仅限于人生的特定阶段，难以长期维持。一旦面临房租、医疗开支或家庭责任等现实问题，这种灵活性更可能带来不安定感而非真正的满足。

More importantly, from a long-term perspective, the most serious drawback of temporary employment lies in its structural instability. Irregular income makes it difficult for individuals to plan for the future, while the absence of stable contracts often means limited access to employment benefits. For example, temporary workers are frequently excluded from medical insurance, pensions and paid leave, which leaves them particularly vulnerable during illness or periods without work. Moreover, frequent job changes can interrupt skill development and slow career progression. As a result, without consistent employment and clear advancement opportunities, it becomes far harder for individuals to build professional expertise or achieve long-term financial security.

更重要的是，从长远来看，临时就业最严重的缺陷在于其结构性不稳定。收入的不规律使个人难以规划未来，而缺乏稳定合同往往意味着无法享受完整的就业福利。例如，临时工作者常被排除在医疗保险、养老金和带薪休假体系之外，这使得他们在患病或无工作期间格外脆弱。此外，频繁更换工作会阻碍技能持续发展，延缓职业晋升。缺乏稳定的工作环境和清晰的晋升通道，个人更难积累专业能力或实现长期财务保障。

In conclusion, although temporary jobs may provide short-term freedom and flexibility, these advantages are outweighed by ongoing instability and limited career development. For most people, stable employment remains a more practical and reliable path towards long-term security and personal growth.

综上所述，尽管临时工作能提供短期的自由与灵活，但这些优势被持续的不稳定性和有限的职业发展空间所抵消。对大多数人而言，稳定的就业仍是实现长期保障与个人成长更务实可靠的选择。

3、消费品

The increase in the production of consumer goods results in damage to the natural environment. What are the causes of this? What can be done to solve this problem?(环境)

消费品产量的增长导致自然环境遭受破坏。造成这一现象的原因是什么？可以采取哪些措施解决该问题?

🍊 写作立场：正常分析原因和措施

消费品产量不断上升主要源于过度消费和低成本导向的生产模式，而这一问题可以通过更严格的政府监管以及引导消费者改变消费习惯来缓解。

逻辑链分析：

主体段1

观点：消费品产量增长的核心原因之一是过度消费需求的持续扩大。

扩展延伸：在广告刺激和快节奏生活方式影响下，人们更倾向于频繁更换商品，而非长期使用。

举例：例如，快时尚行业不断推出新品，鼓励消费者购买远超实际需求的服装。

结果分析：这种高频生产不仅消耗大量自然资源，还产生大量工业废弃物和污染。

主体段2

观点：要减少环境破坏，政府和社会必须共同干预生产和消费模式。

扩展延伸：政府可以通过立法限制高污染生产，并推动企业采用更环保的技术。

举例：例如，对高排放企业征收环境税，或补贴使用可回收材料和清洁能源的工厂。

合理性推断：当环境成本被纳入经济体系，企业和消费者都会更倾向于可持续选择。

The increasing production of consumer goods has become a major cause of environmental damage across the world. As industries expand to meet growing demand, natural resources are depleted and pollution levels continue to rise. This issue is largely driven by modern consumption habits and profit-oriented manufacturing, but it can be addressed through regulation and behavioural change.

消费品产量的不断增长已成为全球环境破坏的主要原因。随着工业扩张以满足日益增长的需求，自然资源日渐枯竭，污染水平持续攀升。这一问题的根源主要在于现代消费习惯和以利润为导向的生产模式，但通过政策调控和行为改变可以得到缓解。

One key cause of environmental damage is the rapid growth of consumer demand. In a society heavily influenced by advertising and fast-changing trends, people are encouraged to replace products frequently rather than use them for extended periods. Consequently, manufacturers are under constant pressure to increase output. For example, the fast fashion industry releases new collections every few weeks, prompting consumers to purchase clothing far beyond their actual needs. This pattern of mass production consumes vast amounts of raw materials and energy, while also generating large quantities of waste, much of which ends up in landfills or natural ecosystems.

环境破坏的一个关键驱动力在于消费需求的快速增长。在广告和快速变化的潮流影响下，社会鼓励人们频繁更换产品而非长期使用。这导致制造商持续面临增产压力。以快时尚产业为例，其每隔数周便推出新系列，刺激消费者购买远超实际需求的服装。这种大规模生产模式消耗大量原材料与能源，同时产生巨量废弃物，其中多数最终进入填埋场或自然生态系统。

To solve this problem, coordinated action from governments and the public is required. Governments can introduce stricter environmental regulations to limit polluting production methods and hold companies accountable for ecological damage. For instance, imposing environmental taxes on highly polluting factories can encourage businesses to invest in cleaner technologies and recyclable materials. At the same time, when the true environmental cost of production is reflected in prices, consumers are more likely to reconsider unnecessary purchases and choose sustainable alternatives.

解决这一问题需要政府与公众的协同行动。政府可通过更严格的环境法规限制污染性生产方式，并追究企业的生态破坏责任。例如，对高污染工厂征收环境税可促使企业投资清洁技术与可再生材料。与此同时，当商品价格真实反映环境成本时，消费者更有可能重新审视非必要购买，选择可持续的替代方案。

In conclusion, the damage caused by the growing production of consumer goods mainly stems from excessive consumption and unsustainable industrial practices. Through stronger regulation and more responsible consumer behaviour, the negative impact on the natural environment can be significantly reduced.

综上所述，消费品增长对环境造成的损害主要源于过度消费和不可持续的工业实践。通过强化监管与培养负责任的消费行为，人类对自然环境的负面影响可得到显著改善。

4、体育节目

Today, TV channels provide men's sports shows more than women's sports shows. Why? Should TV channels give equal time for women's sports and men's sports?(媒体)

当今电视频道播放的男子体育节目远超女子体育节目。原因何在？电视频道是否应给予男女体育节目同等时长？

🍊 写作立场：第一个问题正常分析原因，第二个问题给出观点

我认为电视台播放更多男性体育节目主要是出于商业和市场因素考虑；同时，女性体育节目不应被强制与男性体育节目获得完全相同的播出时间，而应通过循序渐进的方式加以推广。

逻辑链分析：

主体段1

观点：电视台更多播放男性体育节目，根本原因在于其观众基础更大。

举例：例如，世界杯或 NBA 总决赛能吸引全球数百万观众，并带来可观的广告收入。

扩展延伸1：相比之下，女性体育节目由于长期缺乏曝光和投资，难以形成稳定的观众群体。

扩展延伸2：此外，社会长期将体育视为男性主导领域，也进一步降低了女性体育赛事的可见性。

主体段2

观点：女性体育节目不应被立即强制给予与男性体育相同的播出时间。

合理性推断：如果无视市场需求而强行均分播出资源，可能导致整体收视率下降并造成经济损失。

举例：例如，女子足球、网球和篮球近年来已逐渐获得更多关注和赞助，显示出一定市场潜力。

结果分析：通过优先推广这些潜力项目并逐步增加曝光，电视台既能推动女性体育发展，又能控制商业风险。

Today, television channels tend to broadcast more men’s sports shows than women’s. This situation raises questions about its underlying causes and whether equal airtime should be given to both genders. While commercial factors largely explain this imbalance, I believe women’s sports should be promoted in a gradual and market-oriented way rather than through forced equality.

如今，电视频道播放的男子体育赛事往往多于女子赛事。这一现象引发了对其深层原因及是否应给予两性平等播出时长的讨论。尽管商业因素是造成这种失衡的主要原因，但我认为女子体育应通过循序渐进、市场导向的方式加以推广，而非强制追求形式上的平等。

One major reason for the dominance of men’s sports on television is their significantly larger audience base. Major events such as the FIFA World Cup or the NBA Finals attract millions of viewers worldwide, generating substantial advertising revenue for broadcasters. By contrast,

women’ s sports have historically received less exposure and investment, making it harder for them to develop similar levels of popularity. In addition, long-standing social perceptions have often framed sports as a male-dominated field, further limiting the visibility of women’ s competitions.

电视体育节目以男性为主的首要原因在于其庞大的观众基础。诸如世界杯或NBA总决赛等重大赛事在全球吸引数以百万计的观众，为转播方带来巨额广告收入。相比之下，女子体育长期以来获得的曝光与投资较少，难以形成同等规模的关注度。此外，社会长期将体育视为男性主导的领域，这种固有观念进一步限制了女子赛事的可见度。

In my view, women’ s sports should not be immediately given the same amount of airtime as men’ s sports. If television channels ignore audience demand and impose equal broadcasting time, overall viewership may decline, leading to financial losses. Instead, broadcasters should test the market gradually by allocating limited resources to a range of women’ s sports and assessing audience response. This approach allows channels to balance commercial interests with social responsibility.

在我看来，不应立即要求女子体育获得与男子体育同等的播出时长。若电视频道忽视观众需求强行平均分配转播时间，可能导致整体收视率下滑，继而造成经济损失。转播方更应通过渐进方式测试市场反应，例如先投入有限资源转播部分女子赛事，根据观众反馈逐步调整策略。这种方式能使媒体在商业利益与社会责任间取得平衡。

For example, women’ s football, tennis and basketball have gained increasing attention and sponsorship in recent years. Television channels can focus on promoting these sports through better storytelling, in-depth commentary and behind-the-scenes content. By adopting a step-by-step strategy, broadcasters can expand coverage of women’ s sports while avoiding the risks associated with blindly equalising airtime.

近年来，女子足球、网球和篮球等项目已获得越来越多关注与赞助。电视频道可通过优化叙事方式、深化赛事解说、制作幕后花絮等途径重点推广这些项目。通过这种循序渐进的发展策略，媒体既能逐步扩大女子体育的报道覆盖面，又能避免盲目追求播出时长平等所带来的风险。

5、体育比赛

Some people think sports games are important for society, while others believe they should be taken as leisure activities.Discuss both views and give your opinion.(健康)

有人认为体育赛事对社会至关重要，而另一些人则认为应将其视为休闲活动。请讨论双方观点并阐述你的看法。

🍊 写作立场：共存

很明显双方观点并不冲突吗，娱乐活动也能对社会很重要。

逻辑链分析：

主体段1

观点：体育赛事在社会层面具有显著的重要性。

扩展延伸：它能激发民族自豪感、促进社会团结，并传递公平竞争与合作精神。

举例：例如，奥运会或世界杯常常让不同背景的人们团结在一起，共同为国家加油。

结果分析：这种集体情感能增强社会凝聚力，并激励青少年参与体育、追求更健康的生活方式。

主体段2

观点：然而，也有人认为体育主要是一种休闲活动，用来放松身心。

扩展延伸：与大型赛事的社会意义相比，普通人更关注运动带来的快乐与健康。

举例：比如，人们下班后打篮球、跑步或踢球，只是为了释放压力，而非追求荣誉或竞争。

结果分析：不过，这种个人层面的休闲意义并不与社会价值冲突，反而说明体育能在个人与社会层面同时带来积极影响，因此其社会重要性依旧不可忽视。

Sports have long played a central role in human society. Some people believe that sporting events are essential for social development, while others think they should simply be seen as leisure activities. Personally, I agree that sports can provide relaxation and fun, but their wider social importance should never be underestimated.

体育运动在人类社会中始终占据重要地位。有人认为体育赛事对社会发展至关重要，另一些人则认为它们应被单纯视为休闲活动。我个人认同体育能带来放松和乐趣，但其广泛的社会意义绝不容忽视。

On the one hand, sports games have significant social and cultural value. They not only represent national honor but also bring people together and promote mutual understanding among nations. Major international competitions such as the Olympic Games or the World Cup can momentarily bridge political and cultural divides, as people from all backgrounds unite to support their teams. Moreover, athletes’ perseverance and teamwork set positive examples for the younger generation, encouraging them to value discipline, fairness, and dedication. As a result, sports become more than mere competitions; they serve as a shared language that strengthens social bonds and inspires collective pride.

一方面，体育赛事具有重要的社会与文化价值。它们不仅代表着国家荣誉，更能凝聚人心，促进民族间相互理解。诸如奥运会或世界杯等重大国际赛事能暂时弥合政治与文化分歧，让不同背景的人们共同为支持的队伍欢呼。此外，运动员展现的毅力与团队精神为年轻一代树立了榜样，激励他们珍视纪律、公平与奉献。因此，体育已超越竞赛本身，成为强化社会纽带、激发集体荣誉感的共同语言。

On the other hand, many people consider sports primarily as a way to relax and improve their personal well-being. Compared with grand sporting events, ordinary individuals tend to focus on enjoyment, physical health, and social interaction. For instance, people often play football, go jogging, or swim after work simply to stay fit and release stress. However, this personal enjoyment does not contradict the broader social importance of sports. In fact, it highlights how deeply sports are embedded in everyday life, creating a culture that values health, connection, and balance.

另一方面，许多人将体育主要视为改善个人生活品质的休闲方式。与大型赛事相比，普通人更关注运动带来的愉悦体验、健康效益和社交互动。例如，人们下班后踢足球、跑步或游泳，往往只是为了保持健康、释放压力。但这种个人享受与体育的广泛社会价值并不矛盾。实际上，这正体现了体育已深度融入日常生活，形成了一种珍视健康、联结与平衡的文化氛围。

In conclusion, while sports undeniably serve as a leisure activity, their contribution to unity, cultural exchange, and national identity makes them far more important than simple entertainment.

总之，尽管体育确实具有休闲功能，但其在促进团结、文化交流和塑造民族认同方面的贡献，使其意义远超越简单的娱乐范畴。

6、传统文化

Some people think that cultural traditions will be destroyed when they are used as money-making machines aimed at tourists, other people believe that it is the only way to save such traditions in the world today. Discuss both sides and give your own opinion.(文化)

有人认为将文化传统作为吸引游客的赚钱工具会破坏这些传统，另一些人则认为这是当今世界保存此类传统的唯一途径。请讨论双方观点并阐述个人见解。

🍊 ✅ 立场：支持后者

我支持商业化是保护传统的有效方式，同时认为“商业化会破坏传统”这一观点存在明显局限。

逻辑链分析：

主体段1

观点：有人认为商业化会损害传统文化的纯粹性。

举例：例如，一些祭祀活动被改成“旅游表演”，失去了原本的精神意义。

合理性推断：但这种现象往往不是商业化本身造成的，而是管理不当；商业化并不等同于必然“变味”。

反面假设：如果完全禁止商业化，传统可能因缺乏资金而更快消失，反而造成更严重的文化断层。

主体段2

观点：商业化是当代社会保护传统最现实、最可持续的方式。

结果分析：商业收入为传承人提供稳定经济来源，使他们有动力继续从事传统工艺或仪式。

扩展延伸：同时，通过旅游市场获得曝光还能吸引年轻人加入学习，扩大传承群体。

举例：例如，一些濒危的手工技艺因文创开发而重新流行，让原本只有几位老匠人的技艺得以复兴。

Some people argue that cultural traditions are damaged when they are commercialized for tourists. However, I disagree with this view. In my opinion, commercialization is not the cause of cultural decline; rather, it is often the only realistic method to protect traditions from disappearing in the modern world.

有人声称，当文化传统为了吸引游客而被商业化时，其本质就会遭到破坏。然而，我不同意这一观点。在我看来，商业化并非文化衰败的根源；相反，在现代社会中，这往往是保护传统免于消亡的唯一现实途径。

Admittedly, critics claim that commercial activities can weaken the authenticity of traditional practices. For instance, certain ritual ceremonies have been simplified into staged performances merely to entertain visitors, losing part of their spiritual meaning. However, such problems usually stem from poor management rather than commercialization itself. Turning a tradition into a tourist attraction does not automatically strip it of its cultural value. If anything, banning commercial involvement could lead to a far worse outcome. Without financial support or public attention, many traditions might fade away entirely, creating an even deeper cultural loss than a modified performance.

诚然，批评者指出商业活动可能削弱传统习俗的本真性。例如，某些仪式被简化为仅供娱乐游客的舞台表演，从而丧失了部分精神内涵。然而，这些问题通常源于管理不善而非商业化本身。将传统转化为旅游景点并不会自动剥夺其文化价值。反之，禁止商业参与可能导致更糟糕的后果。若缺乏资金支持和公众关注，许多传统可能会完全消失，这比经过调整的表演造成的文化损失更为深远。

In contrast, commercialization provides a practical and sustainable way to preserve traditions in today’ s economic environment. Tourism revenue gives practitioners a stable income, enabling them to continue their work instead of abandoning it for more profitable occupations. Moreover, market exposure helps introduce traditional culture to younger generations, encouraging them to learn and pass it on. For example, several endangered craft techniques have been revitalised

through cultural products and tourism workshops, transforming dying skills into thriving businesses with many new apprentices.

相比之下，在当今经济环境下，商业化为保护传统提供了可持续的实践路径。旅游收入使文化传承人获得稳定收益，使他们能够继续从事传统工作而非转行谋生。此外，市场曝光有助于将传统文化推广给年轻一代，激励他们学习传承。例如，多项濒危手工艺技术正是通过文化产品和旅游工作坊重获生机，将濒临失传的技艺转变为拥有众多学徒的兴旺产业。

In conclusion, although commercialization may introduce certain risks, it is not the force destroying traditions. Instead, it offers the financial resources and social visibility necessary for cultural practices to survive in the contemporary world. Supporting commercial development is therefore a practical and effective way to ensure the continuity of cultural heritage.

综上所述，尽管商业化可能带来某些风险，但它并非破坏传统的力量。相反，它为实现文化实践在当代社会的存续提供了必要的资金支持和社会能见度。因此，支持商业发展是确保文化遗产延续性的现实而有效的途径。

7、污染治理

Some people think that companies and individuals should pay to clear up the pollution they produced and that the government should not pay for it. To what extent do you agree or disagree? (环境)

有人认为公司和个人应当为自己造成的污染付费清理，政府不应承担这笔费用。你在多大程度上同意或反对这一观点?

🍊 写作立场：完全同意

我完全同意应由企业和个人承担环境清理费用。毕竟，他们是污染的直接制造者，让他们为自己的行为买单不仅公平，而且能从源头减少污染。政府应当负责制定规则与监管，而不是替污染者埋单。

逻辑链分析：

主体段1

观点：让污染者承担环境清理成本是最公平、最具责任意识的做法。

扩展延伸：若污染的代价由纳税人承担，就意味着守法者为违法者买单，这不仅不公正，还会削弱公众环保积极性。

举例：例如，一些制造业企业长期排放废水，却依靠政府财政清理河流污染，这等于鼓励了不负责任的生产方式。

结果分析：只有让污染者为环境损害付出经济代价，才能让他们在生产决策中真正考虑生态成本。

主体段2

观点：更重要的是，这种做法能有效激励企业与个人减少污染，从源头解决问题。

举例：征收碳排放税迫使高污染企业投资清洁能源；塑料垃圾收费政策促使个人减少一次性制品的使用。

合理性推断：当污染者需要承担清理费用时，他们会主动寻求更环保的生产与消费方式，以降低经济负担。

结果分析：这不仅能改善环境质量，还能促进绿色创新与可持续经济增长，从长远看比政府单独治理更高效、更具激励性。

I completely agree that companies and individuals should bear the cost of cleaning up pollution in proportion to the amount they produce. Since they are the direct creators of environmental damage, it is both fair and practical to make them financially responsible for its consequences.

我完全赞同企业和个人应当根据其制造污染的数量按比例承担治理费用。作为环境破坏的直接制造者，让他们为污染后果承担经济责任既符合公平原则，也具有现实可行性。

First of all, requiring polluters to pay for cleanup is a matter of justice and accountability. If governments or taxpayers shoulder these costs, it means that law-abiding citizens are paying for the irresponsibility of others. This not only undermines fairness but also weakens the public’s motivation to protect the environment. For instance, many factories discharge toxic waste into rivers while relying on public funds for restoration projects. Such practices encourage careless production and allow companies to externalize their environmental costs. Only when polluters are forced to pay for their actions will they truly consider the ecological impact of their business decisions.

首先，要求污染者支付治理费用关乎社会正义与责任担当。若由政府或纳税人承担这些成本，意味着守法公民在为不负责任的行为买单。这不仅有损公平，更会削弱公众环保积极性。以许多工厂向河流排放有毒废水却依赖公共资金进行治理为例，这种做法纵容了粗放式生产，使企业得以将环境成本转嫁给社会。唯有让污染者为自身行为付出代价，他们才会真正考量经营决策对生态的影响。

Moreover, this approach provides a strong incentive to reduce pollution at its source. For example, carbon taxes push high-emission industries to invest in cleaner energy, while plastic bag fees have successfully reduced waste by changing consumer behavior. When people and businesses know they must cover cleanup expenses, they naturally adopt more sustainable practices to minimize costs. This system not only improves environmental quality but also promotes green innovation and sustainable economic growth.

此外，这一原则能为源头治污提供强劲动力。碳税政策推动高排放行业投资清洁能源，塑料袋收费机制通过改变消费习惯有效减少白色污染——当企业和民众明确知晓必须承担治理费用时，自然会采取更可持续的做法以控制成本。这种制度不仅提升环境质量，更将催生绿色创新，推动经济可持续发展。

In conclusion, shifting the financial burden of pollution to those who cause it is both fair and effective. Governments should focus on setting strict regulations and enforcing transparency, while companies and individuals take full responsibility for their environmental footprint. Only through this approach can real progress be achieved toward a cleaner and more responsible world.

总之，将污染的经济负担转移给责任主体既公平又高效。政府应着力制定严格法规并强化监管透明度，而企业与个人则需对自身环境足迹全面负责。唯有通过这种方式，我们才能在建设更清洁、更负责任世界的道路上取得实质进展。

8、远程教育

Universities and colleges are now offering qualifications through distance learning from the Internet rather than teachers in the classroom.Do you think the advantages of this development outweigh the disadvantages?(科技)

高等院校如今通过互联网远程教育而非课堂面授来提供学历资格。你认为这种发展的利大于弊吗?

🍊 写作立场：利大于弊

我认为，通过互联网进行的远程学历教育总体上**利大于弊**。尽管它在学习体验上存在不足，但其在教育公平性和灵活性方面的优势更加突出。

逻辑链分析：

主体段1

观点：远程学历教育常被批评为缺乏课堂互动和学习监督。

扩展延伸：由于缺少面对面的教学环境，学生可能更容易分心，师生沟通也不够即时。

反面假设：但如果在线课程配备实时讨论、定期反馈和学习进度追踪机制，这些问题可以被显著缓解。

结果分析：因此，互动不足并非远程教育的固有缺陷，而更多取决于课程设计和技术支持水平。

主体段2

观点：相比之下，远程学历教育在扩大高等教育可及性方面具有不可替代的优势。

扩展延伸：它为偏远地区居民、在职人员以及经济条件有限的人提供了现实可行的学习机会。

举例：例如，许多全职工作者可以通过在线课程在不辞职的情况下获得大学文凭。

合理性推断：从社会整体来看，这种教育模式有助于缩小教育差距，其长期价值明显超过其局部不足。

Universities and colleges are increasingly offering qualifications through online distance learning rather than traditional classroom-based teaching. This shift has sparked widespread debate about whether such a development is ultimately beneficial. In my view, although distance learning has certain disadvantages, its advantages clearly outweigh them.

近年来，高校越来越多地通过在线远程教育而非传统课堂教学来提供学历资质。这一转变引发了广泛讨论：此类发展究竟是否利大于弊？在我看来，尽管远程教育存在某些不足，但其优势显然更为突出。

To begin with, distance learning is often criticised for its limited interaction and weaker academic supervision. Without face-to-face contact, students may feel less engaged, and communication with instructors can be slower or less spontaneous. Consequently, some learners may struggle with motivation or self-discipline. However, this weakness should not be overstated. With the rapid development of educational technology, many online programmes now include live lectures, interactive discussion forums and regular assessments. Moreover, learning management systems allow teachers to monitor student progress closely and provide timely feedback. As a result, the problem of limited interaction is not an inherent flaw of distance learning but largely depends on how effectively courses are designed and delivered.

首先，远程教育常因互动有限和学术监督较弱受到批评。缺乏面对面接触可能导致学生参与感不足，与教师的交流也往往不够及时或自然。因此部分学习者可能在动力或自律方面存在困难。但这一弱点不应被夸大。随着教育技术的快速发展，现今许多在线课程已涵盖实时授课、互动讨论区和定期考核。学习管理系统使教师能密切跟踪学生学习进度并提供及时反馈。由此可见，互动受限并非远程教育固有的缺陷，很大程度上取决于课程设计与实施的有效性。

More importantly, distance learning offers a level of accessibility and flexibility that traditional education simply cannot match. It enables people living in remote areas, full-time employees and individuals with financial constraints to pursue higher education opportunities that would otherwise be unavailable. For example, working adults can enrol in online degree programmes without leaving their jobs, thereby improving their qualifications while maintaining income stability. In addition, distance learning significantly reduces costs related to accommodation, transportation and daily living expenses. From a broader perspective, this flexible model promotes lifelong learning and helps reduce educational inequality across different social groups.

更重要的是，远程教育提供了传统教育无法比拟的可及性与灵活性。它使偏远地区居民、全职工作者和经济受限人群能够获得原本难以企及的高等教育机会。例如在职成人可报读在线学位项目，在不放弃工作的同时提升学历资质，实现收入稳定与自我增值的双重目标。此外，远程教育显著降低了住宿、通勤及日常生活方面的成本开支。从更宏观的视角看，这种弹性学习模式促进了终身学习理念的普及，有助于减少不同社会群体间的教育不平等。

In conclusion, although online distance learning faces challenges related to interaction, these disadvantages are manageable and do not undermine its overall value. Given its substantial contribution to educational accessibility, affordability and social equality, the advantages of offering qualifications through online distance learning clearly outweigh the disadvantages.

总而言之，尽管在线远程教育面临互动性方面的挑战，但这些不足处于可控范围，并不影响其整体价值。鉴于其在提升教育可及性、经济性和社会公平性方面的显著贡献，通过在线远程教育提供学历资质的做法显然利大于弊。

9、国际援助

Some people believe that rich countries should provide poorer countries with other types of help rather than financial aid. To what extent do you agree or disagree?(国际)

有人认为富裕国家应向贫困国家提供财政援助以外的其他形式帮助。你在多大程度上同意或反对这一观点？

🍊 ✅立场：部分同意（中间立场）

我会写成“赞成提供多样化援助，但不是完全取代金钱援助”，理由是：单纯给钱可能引发依赖、腐败等问题；但在应急场景或基础建设初期，金钱仍是不可或缺的支持方式。

逻辑链分析：

主体段1

提出观点：相比直接给钱，提供技术、教育和管理经验更有助于穷国自立

扩展延伸：金钱援助常被滥用或流入腐败体系，反而形成依赖

举例：比如中国在非洲推广农业技术，使当地粮食自给率大幅提升

结果分析：这种“授人以渔”的方式更可持续，也更能改善根本问题

主体段2

提出观点：然而，完全摒弃金钱援助是不现实的

反面假设：如果发生自然灾害或紧急公共卫生危机，只靠技术远远不够

合理性推断：资金在应急物资采购、灾后重建中具有不可替代的作用

举例：如新冠疫情暴发初期，很多发展中国家靠国际金援采购疫苗和呼吸机

There is ongoing debate over whether wealthy nations should prioritize forms of assistance other than financial aid when supporting poorer countries. I believe that non-financial support—such as education, technology, and governance training—can be more effective in the long term. However, financial aid still plays a crucial role in certain situations.

关于富裕国家在支持贫困国家时是否应优先提供非经济援助形式的问题，目前存在持续争论。我认为，教育、技术和治理培训等非财政支持从长远来看可能更有效，但经济援助在某些情况下仍发挥关键作用。

To begin with, offering knowledge and technical assistance can foster self-reliance and long-term development. While direct financial aid may offer short-term relief, it often risks being mismanaged or misappropriated due to corruption and poor oversight. In contrast, support in the form of agricultural training, public health strategies, or infrastructure planning helps poorer countries build the capacity to address their own challenges. For example, China’s investment in agricultural technology in parts of Africa has led to significant improvements in local food security. Such skill-based support empowers communities and reduces long-term dependency.

首先，提供知识和技术援助能够培养自力更生能力与长期发展动力。尽管直接经济援助可能带来短期救济，但由于腐败和监管不善，这类援助往往面临被滥用或挪用的风险。相比之下，农业培训、公共卫生策略或基础设施规划等形式的支持，有助于贫困国家构建应对自身挑战的能力。例如，中国在非洲部分地区投入农业技术，显著改善了当地粮食安全。这种基于技能的支持能够赋予社区力量，并减少长期依赖。

That said, completely eliminating financial aid would be impractical, especially during times of crisis. In the event of a natural disaster or a pandemic, countries may need immediate funding to purchase essential supplies or rebuild critical infrastructure. Without financial resources, even the most well-planned technical strategies would be difficult to implement. For instance, during the early stages of the COVID-19 pandemic, many developing countries relied on donations and loans from richer nations to secure vaccines and medical equipment. In such cases, financial aid proved to be indispensable.

但需要指出的是，完全取消经济援助并不现实，尤其是在危机时期。遭遇自然灾害或疫情时，各国可能需要即时资金来采购必要物资或重建关键基础设施。没有资金支持，即便规划最完善的技术方案也难以落地。例如，在新冠疫情初期，许多发展中国家依赖富裕国家的捐赠和贷款来获取疫苗和医疗设备。在此类情况下，经济援助被证明是不可或缺的。

In conclusion, I agree that wealthier nations should place greater emphasis on sustainable, non-financial assistance. Nevertheless, financial aid still serves as a necessary and valuable tool in emergency situations and should not be entirely discarded.

总之，我认同富裕国家应更重视可持续的非财政援助，但经济援助在紧急状况下仍是必要且有价值的工具，不应被完全摒弃。

10、广告

Today, the high sales of popular consumer goods reflect the power of advertising and not the real needs of the society in which they are sold. To what extent do you agree or disagree?(媒体)

当今流行消费品的畅销反映的是广告的影响力，而非其销售所在社会的真实需求。你在多大程度上同意或反对这一观点?

🍊 ✅ 写作立场：部分同意（认可广告作用显著，但也承认实际需求存在）

我基本同意广告是推动流行消费品高销量的主要原因，因为广告往往创造需求、放大消费欲望。但同时也应承认，消费者的真实需求也在一定程度上发挥了作用。

✅ 逻辑链分析：

主体段1

- **提出观点**：广告在刺激消费者购买流行消费品方面起着关键作用
- **扩展延伸**：广告通过不断重复、视觉吸引和情感共鸣，创造并强化对产品的需求
- **举例**：例如，可口可乐或苹果公司通过广泛而深入的品牌宣传成功建立强大的消费需求
- **合理性推断**：这种策略不仅提升销量，还让人们愿意为品牌溢价买单

主体段2

- **提出观点**：广告固然有力，但消费品销量的背后仍存在真实的需求
- **扩展延伸**：许多畅销产品的成功也与产品实际的功能性、品质及其满足消费者需求的能力有关
- **举例**：例如智能手机畅销不仅因广告，也因为满足了人们对通讯、娱乐和工作效率提升的真实需求
- **反面假设**：如果一种产品完全没有实用价值，仅凭广告很难持续保持高销量

Nowadays, many argue that the high sales of popular consumer products primarily reflect the power of advertising rather than genuine societal needs. While I largely agree that advertising significantly influences consumers' purchasing decisions, I also acknowledge the role played by actual consumer demands.

如今，许多人认为，热门消费品的高销量主要反映了广告的影响力，而非真正的社会需求。虽然我在很大程度上认同广告对消费者的购买决策有显著影响，但我也承认实际消费需求所发挥的作用。

On the one hand, advertising undeniably plays a crucial role in driving the sales of popular consumer products. Advertisements repeatedly expose consumers to brands and products through compelling visuals and emotional connections, often creating desires and needs that consumers may not have initially had. Companies such as Coca-Cola and Apple, for instance, have successfully leveraged extensive and strategic advertising campaigns to create strong brand awareness and consumer loyalty, resulting in consistently high sales. Consequently, advertising not only boosts immediate sales but also persuades consumers to pay premium prices based on perceived brand value.

一方面，广告在推动热门消费品的销售方面，无疑扮演着关键角色。广告通过引人入胜的视觉效果和情感联结，让消费者反复接触品牌和产品，往往会激发出消费者原本没有的欲望和需求。例如，可口可乐和苹果等公司成功利用广泛且富有策略的广告宣传，打造了强大的品牌知名度和消费者忠诚度，从而实现了持续的高销量。因此，广告不仅能促进即时销售，还能说服消费者基于感知到的品牌价值支付溢价。

Furthermore, despite the power of advertising, the real needs of consumers cannot be entirely discounted. In fact, the success of many popular products is closely linked to their practical utility and genuine value to consumers. For example, the widespread popularity of smartphones is not solely due to advertising efforts but also reflects the devices’ ability to satisfy essential needs such as communication, entertainment, and increased productivity. Moreover, if a product lacks practical value or fails to meet genuine needs, it is unlikely to sustain high sales in the long run, regardless of the intensity or quality of its advertising.

另一方面，尽管广告的力量不容小觑，但消费者的真实需求也不能被完全忽视。事实上，许多热门产品的成功与其实用价值和对消费者的真正意义密切相关。比如，智能手机的广泛普及并非仅仅归功于广告宣传，更反映了这类设备满足了人们在通讯、娱乐和提高工作效率等方面的基本需求。此外，如果一款产品缺乏实用价值或无法满足真正的需求，那么无论其广告宣传的力度或质量如何，都不太可能长期维持高销量。

In conclusion, although advertising is indeed a powerful force influencing consumer purchasing behaviors, genuine societal needs also significantly contribute to the popularity of consumer products. Successful marketing strategies typically rely on both creating persuasive advertisements and providing products that genuinely meet consumer expectations and demands.

总之，广告确实是影响消费者购买行为的强大力量，但真正的社会需求对消费品的流行也有重要贡献。成功的营销策略通常既需要打造具有说服力的广告，也需要提供能真正满足消费者期望和需求的产品。

11、太空旅行

Space travel has been possible for some time and some people believe that space tourism could be developed in the future. Do you think it is a positive or negative development?(旅游)

太空旅行已成为现实一段时间，有人认为未来可能发展太空旅游业。你认为这是积极还是消极的发展趋势？

🍊 写作立场：积极

我认为太空旅游的发展总体上是积极的。它能推动科技创新、促进经济发展，并激发人类的探索精神。虽然太空旅行成本高、风险大、污染环境，但这些问题都可以随着技术进步逐渐改善，因此它的正面影响更长远。

逻辑链分析：

主体段1

观点：太空旅游能带来科技和经济两方面的好处。

扩展延伸：它能推动火箭制造、通信、能源等领域的创新，同时带动大量就业岗位出现，促进相关产业链发展。

举例：例如，私人航天公司正在研发可重复使用的火箭，这让发射成本下降、太空飞行更安全。与此同时，这些项目吸引了工程师、技术人员和研究人员的加入，带来了新的工作机会。

结果分析：这些技术进步最终会反向作用于地球生活，如卫星通讯、天气预报和太阳能技术等。即便只有少数人能真正去太空，但整个社会都能从中受益。

主体段2

观点：有人认为太空旅游弊大于利。

举例：他们担心火箭发射会造成污染，票价过高只让富人受益，而且太空旅行存在安全隐患。

合理性推断：但这些问题可以通过技术和制度逐步解决，例如开发更清洁的燃料、使用更坚固的材料、增加安全标准，以及让更多企业进入市场以降低价格。

结果分析：因此，只要有良好的监管与创新，太空旅游能在确保安全与环保的前提下健康发展，成为推动科学和人类精神进步的重要力量。

Space travel has been possible for many years, and some people believe that space tourism could be developed in the future. In my opinion, this is a positive development because it can encourage scientific progress, create new jobs, and help people look at the world from a new perspective.

太空旅行已成为现实多年，有人认为未来可能发展出太空旅游业。在我看来，这是积极的发展方向，因为它能推动科学进步、创造就业机会，并帮助人类以全新视角审视我们的世界。

To begin with, space tourism brings both technological and economic benefits. It pushes scientists and companies to develop new ideas that later improve life on Earth. For example, private space companies are now working on rockets that can be reused, making space travel safer and cheaper than before. These projects require engineers, designers, and technicians, creating thousands of new jobs and driving innovation. Furthermore, the technology developed for space exploration often becomes useful in everyday life. Many modern tools, such as satellite communication, weather forecasting, and solar energy, were first created for space programs. Therefore, even though only a few people can travel to space now, everyone can benefit from the progress it brings to society.

太空旅游首先带来科技与经济双重效益。它促使科学家和企业不断突破创新，这些技术最终将改善地球生活。例如，民营航天公司正在研发可重复使用的火箭，这使太空旅行变得更安全、更经济。这类项目需要工程师、设计师和技术人员参与，从而创造大量就业岗位，推动产业创新。更重要的是，为太空探索研发的技术往往能转化为民用成果——从卫星通信、气象预报到太阳能技术，诸多现代科技都源自航天计划。因此，即使目前仅有少数人能亲历太空，全社会都能从相关技术进步中受益。

However, some people argue that space tourism has more disadvantages than benefits. They point out that rockets produce pollution, that tickets are extremely expensive, and that traveling in space remains risky. These are valid concerns, but they can be reduced over time. Scientists are already researching cleaner fuels and stronger materials to make rockets safer. As more companies join this field, competition will lower prices, and space travel will become more affordable. Governments can also set rules to protect the environment and guarantee safety. If these steps are taken, space tourism can grow in a responsible way.

当然，有观点认为太空旅游弊大于利。他们指出火箭排放污染、票价极其昂贵及太空旅行风险等问题。这些担忧确实存在，但都能通过技术发展逐步缓解。科学家已在研究更清洁的燃料和更坚固的材料来提升安全性；随着更多企业加入竞争，票价将逐渐降低；政府也可通过立法规范环保标准与安全准则。只要采取有效措施，太空旅游完全能实现负责任的发展。

In conclusion, although space tourism still faces challenges, it should be seen as a positive development. It drives new discoveries, connects people around the world, and reminds us that human curiosity has no limit.

尽管面临挑战，我们仍应以积极眼光看待太空旅游的发展。它推动着人类探索未知，促进全球协作，更时刻提醒我们：人类的好奇心永无止境。

12、儿童教育

Some parents give their children everything that their children ask for or allow them to do whatever they want to do. Is this good for children? What could be consequences for these children when they grow up?(教育)

有些父母对孩子有求必应或放任其随心所欲。这对孩子有益吗？这些孩子成年后可能面临什么后果？

🍊 ✅ 写作立场：负面观点（这种教育方式对孩子成长不利）

我认为，家长对孩子的过度溺爱或毫无限制的满足孩子的愿望，长期来看对孩子的成长有明显的不良影响，尤其是在心理和行为方面。

✅ 逻辑链分析：

主体段 1

- **提出观点**：家长无条件地满足孩子的愿望对成长不利
- **扩展延伸**：这种教育方式容易使孩子缺乏自控力与责任感
- **举例**：例如，被过度宠溺的孩子通常很难处理挫折和失败
- **合理性推断**：长期下来，这种教育可能导致孩子缺乏坚韧性，难以适应现实生活的挑战

主体段 2

- **提出观点**：长期纵容和过度放任的教育方式，会严重影响孩子成年后的生活
- **扩展延伸**：孩子成年后很难与他人和谐相处，可能表现为自我中心、不懂妥协
- **举例**：例如，在职场上，他们可能无法接受上司的批评或同事的建议
- **反面假设**：如果父母能够适度地对孩子的要求加以限制，并教导他们处理失望与挫折，孩子成年后往往会拥有更强的适应能力与健康的人际关系

Nowadays, some parents tend to give their children whatever they request or allow them unrestricted freedom. In my opinion, this parenting style is detrimental to children’s development, as it creates long-term problems for their personality and social interactions.

如今，有些父母往往会满足孩子的一切要求，或者给予他们无限制的自由。在我看来，这种育儿方式对孩子的发展有害，因为它会给孩子的性格和社交带来长期问题。

First, fulfilling every desire or allowing children absolute freedom can have negative effects on their personal growth. Such permissive parenting makes children less disciplined and less able to control themselves, because they become accustomed to immediate gratification. For example, children who are excessively indulged often have difficulties managing frustration or failure, as they rarely experience disappointment. In the long run, this upbringing fails to develop resilience and perseverance, crucial traits for handling life’s inevitable setbacks. Thus, overly permissive parenting harms children’s ability to cope with real-world challenges.

首先，满足孩子的每一个愿望或给予他们绝对的自由，会对他们的个人成长产生负面影响。这种放任的育儿方式会让孩子缺乏纪律性，自控能力也较差，因为他们习惯了即时满足。例如，过度被纵容的孩子往往难以应对挫折或失败，因为他们很少经历失望。从长远来看，这样的教养方式无法培养孩子

的韧性和毅力，而这些都是应对生活中不可避免的挫折的关键品质。因此，过度放任的育儿方式会损害孩子应对现实世界挑战的能力。

Additionally, excessive indulgence can lead to serious long-term consequences when these children reach adulthood. Without boundaries, these individuals often struggle to build harmonious relationships and interact effectively with others. They may grow into self-centered adults who have little respect for others' needs or feelings. For instance, in the workplace, they might find it challenging to accept constructive criticism from supervisors or collaborate well with colleagues, ultimately affecting their career advancement. Conversely, if parents set appropriate limits and teach children how to manage frustration and accept compromises, these children will likely develop stronger adaptability and healthier interpersonal skills as adults.

此外，当这些孩子成年后，过度纵容会导致严重的长期后果。没有了约束，这些人往往难以建立和谐的人际关系，也无法与他人有效互动。他们可能会成长为以自我为中心的成年人，很少尊重他人的需求或感受。例如，在工作场所，他们可能难以接受上司的建设性批评，或者无法与同事良好合作，最终影响自己的职业发展。相反，如果父母设定适当的界限，教孩子如何应对挫折和接受妥协，这些孩子成年后很可能会培养出更强的适应能力和更健康的人际交往能力。

In conclusion, parents who consistently indulge their children's every wish or grant unrestricted freedom ultimately harm their children's personal and social development. Establishing clear boundaries and encouraging self-control and resilience is crucial in helping children become mature, responsible, and socially capable adults.

总之，一味满足孩子的每一个愿望或给予他们无限制自由的父母，最终会损害孩子的个人发展和社交能力。设定明确的界限，鼓励孩子培养自控力和韧性，对于帮助他们成长为成熟、有责任感且具备社交能力的成年人至关重要。

13、产假

In many countries, women are allowed to take maternity leave from their jobs during the first months after the birth of their baby. Do the advantages outweigh the disadvantages?(社会)

许多国家允许女性在生育后的最初几个月享受产假。这一政策的利大于弊吗？

🍊 ✅ 写作立场：利大于弊

我认为，允许女性在产后最初几个月享受产假制度**明显是利大于弊**。尽管这一政策可能给企业和短期劳动力安排带来压力，但其在健康、家庭稳定和社会长期发展方面的优势更加根本。

✅ 逻辑链分析：

主体段1

- **观点**：产假制度常被批评为会增加企业成本并影响工作连续性。
- **扩展延伸**：在女性休假期间，用人单位需要重新分配任务或临时招聘人员，增加管理负担。
- **反面假设**：但如果企业提前规划岗位安排，并由社会保障体系分担部分成本，这种影响是可控的。
- **结果分析**：因此，产假带来的不便更多是短期问题，而非结构性缺陷。

主体段2

- **观点**：产假制度在保障母婴健康和家庭稳定方面具有不可替代的优势。
- **扩展延伸**：充足的产假有助于女性身体恢复，同时加强母婴之间的情感联系。
- **举例**：例如，研究表明，享有合理产假的母亲在产后健康和育儿质量方面表现更好。
- **合理性推断**：从长期看，这不仅有利于儿童成长，也有助于提升社会整体福祉，因此其积极影响超过短期成本。

In many countries, women are allowed to take maternity leave during the first months after giving birth. While this policy is sometimes criticised for creating challenges in the workplace, I strongly believe that its advantages outweigh the disadvantages.

在许多国家，女性被允许在生育后的最初几个月休产假。尽管这一政策有时被批评会给职场带来挑战，但我坚信其利大于弊。

To begin with, maternity leave is often seen as a burden for employers. When female employees take time off work, companies may face difficulties in maintaining productivity, reallocating tasks or hiring temporary replacements. As a result, short-term operational costs can increase. However, this drawback should not be overstated. With proper workforce planning and support from social welfare systems, businesses can manage these disruptions effectively. Moreover, the inconvenience caused by maternity leave is usually temporary and does not fundamentally damage a company’ s long-term performance. Therefore, these disadvantages are manageable rather than decisive.

首先，产假常被视为雇主的负担。当女性员工休假时，企业可能在维持生产力、重新分配任务或招聘临时替代人员方面面临困难，从而导致短期运营成本增加。然而，这一弊端不应被夸大。通过合理的劳动力规划和社会福利体系的支持，企业可以有效应对这些临时性影响。此外，产假造成的不便通常是暂时的，并不会从根本上损害公司的长期发展。因此，这些不利因素是可控的，而非决定性的。

More importantly, maternity leave offers significant and lasting benefits to both families and society. Allowing mothers sufficient time to recover physically and emotionally after childbirth is essential for their well-being. In addition, early parental involvement helps strengthen the bond between mother and child, which plays a crucial role in a child’ s emotional and cognitive development. For example, studies have shown that mothers who take adequate maternity

leave are more likely to maintain better mental health and provide higher-quality early childcare. From a broader perspective, healthier mothers and children contribute to more stable families and a more productive workforce in the future.

更重要的是，产假为家庭和社会带来显著而长远的益处。允许母亲在分娩后有充足时间恢复身心健康，对其福祉至关重要。同时，早期的亲子陪伴有助于加强母婴情感联结，这对孩子的情感和认知发展起着关键作用。研究表明，享有充足产假的母亲更有可能保持良好心理健康状态，并提供更高质量的早期育儿。从更宏观的视角看，身心健康的母亲与孩子将促进家庭稳定，并为社会未来培养更具生产力的劳动力。

In conclusion, although maternity leave may create short-term challenges for employers, these issues are limited and controllable. Given its vital role in protecting maternal health, supporting child development and promoting long-term social stability, the advantages of maternity leave clearly outweigh its disadvantages.

综上所述，尽管产假可能给雇主带来短期挑战，但这些问题具有局限性和可控性。鉴于其在保障母婴健康、支持儿童发展及促进社会长期稳定方面的重要作用，产假的优势显然大于其不足。

14、育儿课

Caring for children is probably the most important thing of the society. It is suggested that all mothers and fathers should be required to take childcare training courses. To what extent do you agree or disagree with the statement?(教育)

关爱儿童或许是社会最重要的事务。有人建议应强制所有父母参加育儿培训课程。你在多大程度上同意或反对这一观点？

🍊 ✅ 写作立场：部分同意（建议而非强制）

我认为儿童照护确实是社会极为重要的问题，父母参加相关培训能有效提高育儿技能。然而，我不认为政府应强制所有父母参加，而是鼓励和提供资源更为合适。

✅ 逻辑链分析：

主体段1：父母参加育儿培训的必要性

- **提出观点**：父母接受育儿培训课程能有效提高照顾儿童的能力
- **扩展延伸**：很多新手父母缺乏基础育儿知识，可能导致孩子成长出现问题
- **举例**：例如，许多年轻父母不了解儿童饮食和心理发展规律，容易引发健康问题
- **合理性推断**：通过适当培训，父母能更科学地进行育儿，显著提高儿童成长的质量

主体段2：但强制所有父母参加培训并不可行

- **提出观点**：尽管育儿培训有益，但强制所有父母参与并不现实
- **扩展延伸**：每个家庭的实际情况差异很大，强制培训可能引发抵触或不满
- **举例**：例如，部分父母已有丰富经验或工作繁忙，强制参加课程可能对他们是一种负担
- **反面假设**：如果政府以鼓励或提供免费课程取代强制措施，会取得更好的效果

It is commonly argued that caring for children is one of society’ s most crucial responsibilities, leading to suggestions that all parents should be required to attend childcare training courses. While I strongly support the idea of parents attending such courses, I believe it is more effective and practical to encourage rather than enforce participation.

人们普遍认为，照顾孩子是社会最关键的责任之一，因此有人建议所有父母都必须参加育儿培训课程。虽然我坚决支持父母参加这类课程，但我认为，鼓励而非强制父母参与会更有效、更切实可行。

On the one hand, providing childcare training for parents can significantly improve their ability to raise children. Many first-time parents, in particular, lack essential childcare knowledge, which may cause problems in children's physical health and psychological development. For example, young parents often have limited understanding of child nutrition and emotional needs, leading to health issues or behavioral problems in their children. Through well-designed training courses, parents can learn valuable childcare techniques, gain confidence in their parenting abilities, and consequently ensure better overall growth and development for their children.

一方面，为父母提供育儿培训能显著提升他们的育儿能力。尤其是许多初次为人父母的人，缺乏基本的育儿知识，这可能会给孩子的身体健康和心理发展带来问题。例如，年轻父母往往对儿童营养和情感需求了解有限，进而导致孩子出现健康问题或行为偏差。通过精心设计的培训课程，父母可以学习宝贵的育儿技巧，增强育儿信心，从而确保孩子获得更好的全面成长与发展。

On the other hand, although childcare courses have obvious benefits, making them mandatory for all parents would be impractical. Family situations differ widely, and mandatory courses might generate resentment or be burdensome for some families. For instance, experienced parents or those with demanding jobs might view compulsory courses as unnecessary or intrusive, creating resistance rather than cooperation. A more effective approach would be for the government to encourage attendance by offering flexible, accessible, and free training sessions. If such resources were made readily available and optional, parents would likely become more receptive, participating willingly and benefiting fully from the guidance provided.

另一方面，尽管育儿课程有着明显的益处，但强制所有父母参加并不现实。家庭情况千差万别，强制课程可能会引发部分家庭的不满，或给他们带来负担。比如，有经验的父母或工作繁忙的父母可能会认为强制课程毫无必要，甚至是一种侵扰，从而产生抵触情绪而非配合态度。如果采用更有效的方式，政府可以通过提供灵活、便捷且免费的培训课程来鼓励父母参与。若这些资源触手可及且参与自愿，父母可能会更愿意接受，主动参与并充分受益于所提供的指导。

In conclusion, while childcare training is beneficial and important, enforcing mandatory attendance for all parents is not the best approach. Instead, encouraging participation through supportive policies and accessible resources would lead to better outcomes, allowing parents to engage positively in enhancing their childcare skills.

总之，当育儿培训用于传授通用的育儿知识和技巧时，确实能对父母有所助益。然而，由于家庭背景和个人情况存在差异，强制所有父母参与并非最佳选择。通过鼓励性政策和便捷资源引导父母主动参与，才能更好地帮助他们提升育儿能力。

15、教育vs监狱

In most countries, prison is an effective solution for the problem of crime. Some people think a more effective solution is to provide a better education. To what extent do you agree or disagree?(犯罪)

在多数国家，监狱是解决犯罪问题的有效手段。有人则认为提供更优质的教育是更有效的解决方案。你在多大程度上同意或反对这一观点？

🍊 写作立场：完全同意

我完全同意教育比监狱更能有效解决犯罪问题。监狱确实能在短期内保障安全，但无法从根源上减少犯罪；相反，教育能帮助人们掌握技能、改变思维，从而防止重犯。相比之下，建更多监狱既昂贵又治标不治本。

逻辑链分析：

主体段1

观点：教育是从根源减少犯罪的更有效方式。

扩展延伸：许多罪犯之所以违法，是因为缺乏受教育机会、就业技能或正确的价值观。

举例：例如，接受职业培训和心理辅导的服刑人员在释放后更容易找到工作、重建生活，从而降低再犯率。

结果分析：这说明教育不仅能帮助罪犯重新融入社会，还能让他们成为对社会有贡献的成员，实现长期的社会稳定。

主体段2

观点：诚然，监狱在短期内可以起到惩戒和威慑作用，对严重罪犯而言仍然必要。

扩展延伸：但事实是，许多囚犯在出狱后仍会再次犯罪，因为他们没有真正改变思维或掌握谋生能力。此外，建设和维持监狱的成本极高，却未必能带来更安全的社会。

合理性推断：这说明单靠惩罚无法从根源上消除犯罪，反而可能造成资源浪费与恶性循环。

结果分析：因此，政府应把更多资金投入教育与再培训，而非不断扩建监狱，以实现更具长期效益的治安改善。

In most countries, imprisonment is regarded as the main solution to crime. However, I firmly believe that providing better education is a more effective and sustainable way to reduce criminal behavior in the long run.

在大多数国家，监禁被视为解决犯罪问题的主要手段。然而我坚信，从长远来看提供更优质的教育才是减少犯罪行为的更有效且可持续的方式。

Education tackles the root causes of crime by addressing ignorance, poverty, and lack of opportunity. Many offenders turn to illegal activities because they lack education, employable skills, or moral guidance. For instance, inmates who receive vocational training and psychological counseling during their sentence are far less likely to reoffend after release. Education allows them to find legitimate jobs and rebuild their self-esteem, transforming them from social burdens into productive citizens. In this sense, education prevents crime before it happens and creates long-term benefits for both individuals and society.

教育通过消除无知、贫困和机会匮乏，直指犯罪根源。许多违法者走上犯罪道路正是由于缺乏教育、就业技能或道德引导。例如，在服刑期间接受职业培训和心理辅导的囚犯，获释后再次犯罪的可能性显著降低。教育使他们能够找到正当工作、重建自尊，从而从社会负担转变为有贡献的公民。从这个意义上说，教育能从源头上预防犯罪，为个人和社会创造长期效益。

Admittedly, prisons still serve an essential purpose in punishing and isolating dangerous criminals. They help maintain order and reassure the public that justice is being upheld. Nevertheless, relying solely on imprisonment is costly and often ineffective. Many released prisoners end up committing crimes again because their attitudes and life circumstances remain unchanged. Moreover, constructing and maintaining prisons require huge financial resources that could instead be used for preventive measures such as education and rehabilitation programs. Punishment alone can control crime temporarily, but only education can truly eliminate its causes.

应当承认，监狱在惩罚和隔离危险罪犯方面仍具有不可替代的作用。它有助于维护秩序，并让公众确信正义得到伸张。然而，仅依靠监禁手段不仅成本高昂，且往往收效甚微。许多获释囚犯因思想观念和生活环境未有改变而重蹈覆辙。此外，监狱建设和维护所需的巨额资金，本可用于教育和矫治等预防性措施。单靠惩罚只能暂时控制犯罪，唯有教育才能真正根除犯罪诱因。

In conclusion, while prisons play a limited role in protecting society, education is the key to achieving lasting crime reduction. By investing in knowledge and rehabilitation rather than expansion of prisons, governments can build safer and more equitable communities for the future.

综上所述，尽管监狱在保护社会方面作用有限，教育才是实现持久降低犯罪率的关键。通过投资知识与矫治而非扩建监狱，政府才能为未来构建更安全、更公平的社会。
