Listening (Section 1)

➤ COURSEBOOK pages 12 and 15

Before you listen

1 You are going to listen to a librarian talking to a woman who is asking about library membership. Think about the situation and answer the questions.

1 What kind of information might they discuss?
2 Which words/phrases do you expect to hear?
3 Who will probably write notes, the librarian or the woman?

TEST STRATEGY

Thinking about the general context of a conversation before you listen helps you to follow the conversation better.

Test practice

2a Read the instructions and the questions below, and think about what kind of word might fit in the spaces.

Questions 1–3

Complete the notes below.

*Write **ONE WORD AND/OR A NUMBER** for each answer.*

University Library

I can register as an external member.
Fee = 1 _____ per year
Can borrow up to 2 _____ books.
Doesn't include use of 3 _____ .

b 1.1 Now listen to the conversation and complete the notes.

c Check your answers. Make sure that you have written only one word and/or a number in each space.

3a Look at the registration form in the Test practice task below and answer the questions.

1 Who will probably complete the registration form, the librarian or the woman?
2 What kind of words might fit in the gaps?

b Look at the headings on the left of the form. What questions might the librarian ask to get the information he needs?

4 _____
5 _____
6 _____
7 _____
8 _____
9 _____
10 _____

Test practice

4a 1.2 Now listen to the conversation and complete the Test practice task below.

Questions 4–10

Complete the form below.

b Check your answers. Make sure that you have written only one or two words and/or a number in each space.

Task analysis

5 Answer the questions.

1 Check your answers with those at the back of the book. How many were correct?
2 How many were incorrect? Listen to the conversation again to see why you got them wrong.

2b Looking good

Listening (Section 2)

➤ COURSEBOOK pages 28 and 31

Before you listen

1a You are going to listen to a talk by a psychologist. Read the Test practice questions and the options. What do you think the recording will be about?

b Underline the key words in the questions (not including the options).

TEST STRATEGY

Listening out for a key word from the question – or its synonym – will help you to understand which part of the recording is about to give you the answer.

c What does each of the questions focus on – fact or opinion?

d What might the speaker say instead of using the following key words/phrases in the options of the Test practice questions?

1 carried out _____
2 distinct _____

What do the speakers agree to do about each of the following topics for their presentation?

A include it
B leave it out
C get advice

*Write the correct letter, **A**, **B** or **C**, next to questions **6–10**.*
You may choose any letter more than once.

Topics for a presentation on flying insects
6 where they are found _____
7 equipment for catching them _____
8 ways of identifying them _____
9 their value as a food source _____
10 their benefits for the environment _____

Task analysis

6 Answer the questions.

1 Did your notes in Exercise 4 help you to predict what the speakers were going to talk about?
2 Which questions, if any, did you miss or get wrong?
3 Listen to both recordings again. Did you find the answers to any questions you got wrong?

4b Inner and outer space

Listening (Section 2)

> COURSEBOOK pages 60 and 63

Before you listen

1 a You are going to listen to a talk. Read the multiple-choice questions and the options in the Test practice task below. What do you think the recording will be about?

2 Did you write the right type of word (e.g. noun, verb)?

6b Living with other animals

Listening (Section 2)

➤ COURSEBOOK pages 92 and 95

Summary completion

TEST STRATEGY

Don't expect to be able to predict the correct answer. However, using preparation time to think about what word might fill each gap will certainly help you to listen out for the right kind of information.

Identify the correct word form

1a Look at the summary of a talk below. What kind of word (noun, verb, etc.) would fit into the gaps?

Although there have been a number of different ice ages, what people have in mind when they refer to the Ice Age is a period which was at its height approximately 1 _____ years ago. During an ice age, there is a reduction in 2 _____ . During the last Ice Age, the landscape in the south of 3 _____ resembled the Arctic. After the Ice Age, the appearance of the landscape was very 4 _____ . The mountains looked quite 5 _____ . In addition, the 6 _____ had changed their shape.

b 6.1 Listen to the talk and complete the summary in Exercise 1a.

Before you listen

2 Look at the Test practice task. What kind of word would fit into the gaps? What might the answers be?

TEST STRATEGY

The words you need to write will always be exactly what you hear. In other words, you won't be expected to write a verb in a different form, for example.

Test practice

3 6.2 Listen to the talk and complete the Test practice task.

Questions 1–9

Complete the summary below.

Write ***NO MORE THAN TWO WORDS AND/OR A NUMBER*** *for each answer.*

Wolves in Yellowstone Park

Wolves were exterminated in the Rocky Mountains because they 1 _____ people and ate livestock. This led to some 2 _____ consequences. For example, there was a considerable rise in the number of a type of large 3 _____ in Yellowstone National Park. This led to the extinction of a particular species of 4 _____ . So wolves were re-introduced to the Park in order to restore the balance of its 5 _____ . However, now a 6 _____ has written a paper showing the situation is more complex than was previously thought. Other factors such as 7 _____ have an impact on the situation. Changes in the 8 _____ of some species have had a negative effect on their numbers. The 9 _____ in the number of beavers, for example, has been particularly harmful for the Park. In other words, wolves were not, as once believed, the only cause of the problems in the area.

Task analysis

4 Answer the questions about the Test practice task.

1 Did you predict the right kind of word (e.g. a natural species of some kind for questions 3 and 4)?
2 Did you always write a word in exactly the same form as you heard it?
3 Did you always write the correct number of words?

Listening (Section 2)

➤ COURSEBOOK pages 108 and 111

Before you listen

1 Answer the questions.

1 Do you ever use maps or plans? Why/Why not?
2 How do maps and plans save people time?

2a Match the words in the list with words in the box with a similar meaning.

above	bottom	by	opposite	straight on

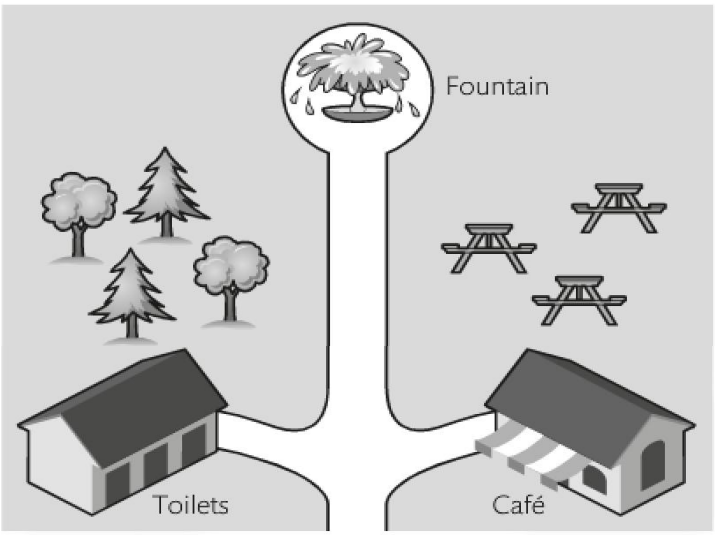

1 forward _____
2 facing _____
3 lower _____
4 next to _____
5 over _____

b Match the words in the list with words in the box with the opposite meaning.

behind	bottom	right	south	upper

1 left _____
2 in front of _____
3 lower _____
4 north _____
5 top _____

3 Look at the plan below and answer the questions.

Park entrance

1 If you enter the park and go straight on, what do you come to?
2 If you enter the park and turn right, what do you come to?
3 What are in the bottom left corner of the map?
4 On which side of the plan are the picnic tables?
5 What are opposite the picnic tables?

Label a map or plan

4a 7.1 Listen to the first part of a talk about a museum in the UK called the Pitt-Rivers Museum and answer question 1.

Question 1

1 According to the speaker, in what way is the Pitt-Rivers Museum different to other museums?
A It has objects from all parts of the world.
B It displays things according to their type.
C Its contents were collected by a wide range of people.

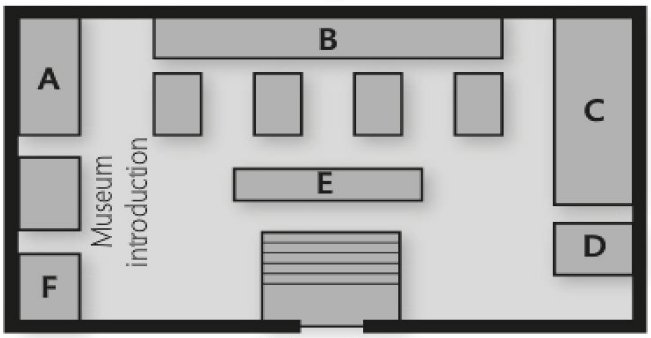

b Look at the plan of the museum's ground floor in the Test practice task below. Think about the prepositions and adverbs that might be used to talk about it.

Test practice

5 7.2 Look at the Test practice task. Listen to the guide talking to visitors about the layout of the museum's ground floor, and answer questions 2–5.

Questions 2–5
Label the plan below.
*Write the correct letter, **A–F**, next to questions **2–5**.*

Pitt-Rivers Museum: ground floor

Main entrance

2 Pottery ___
3 Recent acquisitions ___
4 Masks and performance ___
5 Transport and navigation ___

TEST STRATEGY

When you are doing a labelling task, you will hear the names of the places/objects in the order in which they are listed. If you miss one, just wait for the next. When the recording is finished, it is better to go back and guess the answer to the one you missed than leave it blank.

Task analysis

6 Answer the questions.

1 Were you able to predict some of the prepositions and adverbs that were used by the guide?
2 Which prepositions helped you answer the questions?

8b The food on our plates

Listening (Section 1)

➤ COURSEBOOK pages 124 and 127

Before you listen

TEST STRATEGY

In the Listening Paper you will often have to write down a word you hear spelt or letters that you hear in, for example, a car registration number. So, make sure that you know how the letters are said in English.

TEST STRATEGY

When the task is a table completion, look at the headings for each column so that you know what kind of word you will have to write – a name or a date, perhaps.

1 8.1 Listen to the recording and fill in the name and address on the letter below.

2 Look at the Test practice task. What type of word is needed for each gap?

Test practice

3 8.2 Complete the Test practice task.

Questions 1–10

Complete the table below.

Task analysis

4 Answer the questions.

1 Did you spell answers 5 and 10 correctly? If not, why not?
2 Did predicting the type of missing words help you?

Listening (Section 3)

➤ COURSEBOOK pages 140 and 143

Before you listen

1 Add the words in the box to the table, depending on whether they are seen as conventional or alternative therapies in your culture. Check the meaning of any unknown words in a dictionary.

acupuncture counselling herbal medicines homeopathy osteopathy physiotherapy synthetic drugs

conventional therapy	alternative therapy

Identify reference words

2 Underline the word(s) in the sentences which the pronouns in bold refer to.

1 Although supporters of homeopathy claim that it has the healing effects of conventional medical treatments, **they** haven't been proven using standard scientific methods.
2 Alternative therapies often require that individuals take an active part in **their** own treatment by making lifestyle changes.
3 Different types of therapy can be classified by their cultural origins, or by the types of belief that **they**'re based on.
4 The scientific community has criticised alternative therapies, saying **they**'re based on misleading statements.
5 Very few alternative therapies have undergone rigorous tests, so there's no scientific evidence that **they** work.
6 The regulation and licensing of a particular therapy can vary from one country to **another**.

3 9.1 Listen to two people talking about homeopathy. Underline the noun or phrase (1–4) that the pronoun in *italics* refers back to.

1 homeopathy an article *it*
2 a lot of people homeopathic remedies *they*
3 homeopathic treatments scientific principles *they*
4 skin rashes homeopathic tablets *they*

Test practice

Task analysis

6 Answer the questions about the Test practice task in Exercise 5.

1 Were your predictions in Exercise 5a correct?
2 Do the words you have written fit grammatically in the table?

Listening (Section 4)

➤ COURSEBOOK pages 156 and 159

Before you listen

TEST STRATEGY

Some IELTS multiple-choice tasks ask you to choose more than one answer. Always read the instructions for the task very carefully.

1 Read questions 1 and 2 of the Test practice task below and think about the options. What words might the speaker use instead of these words?

1 young people _____
2 stay _____
3 area _____
4 educational activities _____
5 prevent _____
6 crime _____
7 age groups _____
8 joint project _____
9 newcomers _____
10 make friends _____

Test practice

Task analysis

3 Answer the questions about the language of the task.

1 Did you hear any of the language you predicted in Exercise 1?
2 What other words and expressions did the speaker use to express the ideas in the reasons?
3 Did the speaker say anything that could have made you choose an incorrect option (a distractor)?

TEST STRATEGY

In the Listening Paper, you sometimes have to note down stages in a flow chart. Listen carefully for words and expressions like *First*, *Next*, *After that*, *Before* and *Finally* as these will help you to understand the order in which things happen.

4 Read questions 3–10 of the Test practice task below and answer the questions.

1 How many words do you have to write in each gap?
2 What kind of word or words do you think will fill each gap?

Test practice

5 10.2 Listen to the recording and answer questions 3–10 of the Test practice task.

Questions 3–7
